

Group 32

Dish'D is the first place foodies can come together to share the food they love, with the people that will appreciate them.

Interactive Video Explanation of Dish'D

https://drive.google.com/file/d/1UULm6aXGS_W72ye8_1SLS6HZty74WE2u/view?usp=sharing

The main page allows users to swipe left through posts that others have made on the app! Don't miss out on what everyone is eating!

DISH'D

SHOW THAT

LOVE!!

Click the pink heart to show that post some love!

Click the blue plus to add any of the images to your favorites! When you're done click the profile icon here

On the profile page, the user will be able to view all previous posts in addition to being able to favor their own posts!

DISH'D

When the user taps the green plus symbol on each image they are greeted with a confirmation of their action!

Added to your Favorites

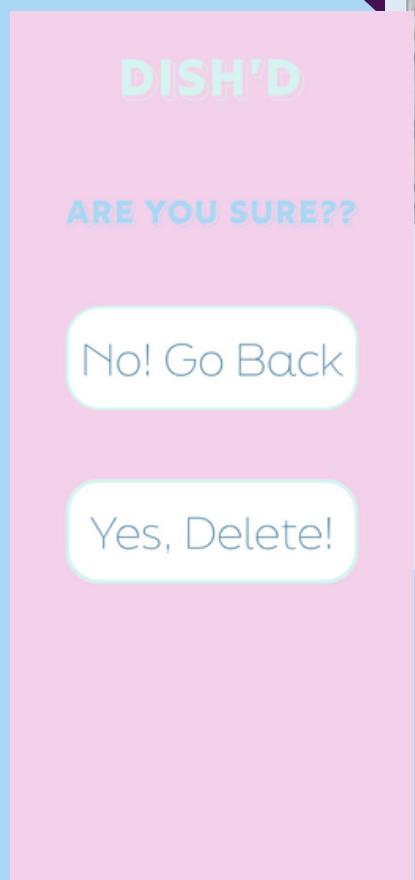

The user can then select the favourites icon from the menu bar to jump over to all the posts the user has added!

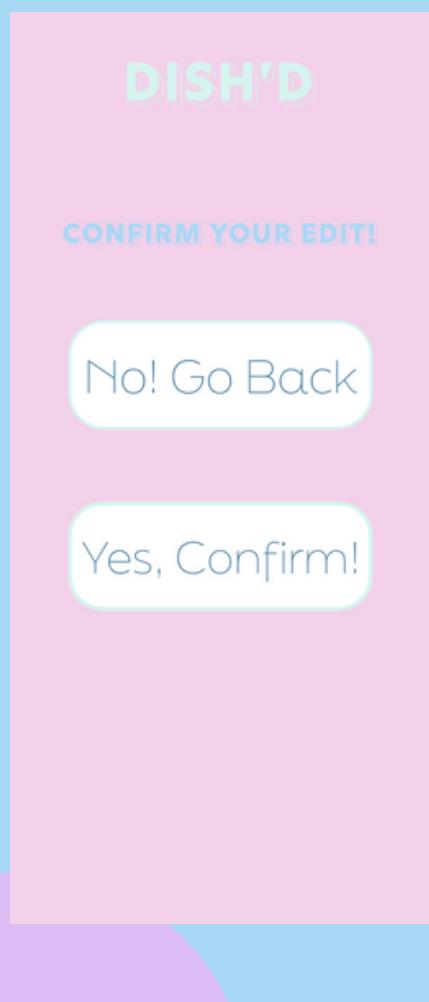

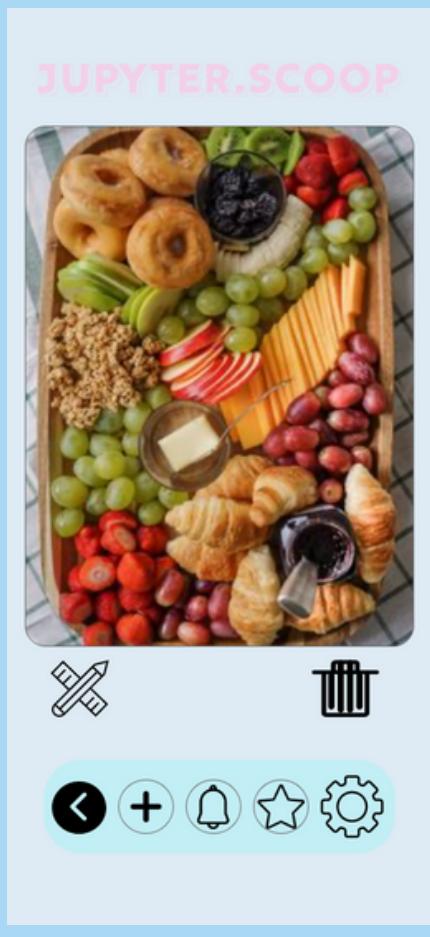

Within the profile page each image icon is also a clickable button that will direct the user to and edit or delete page.

When the user taps the delete icon they are required to confirm they the action

When the user taps the edit icon they are then directed to an editing page that results in the main icon dock changing to include features to mark up and edit the existing image

The user can confirm their edits or retreat back to the editing page
